Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Attorney Palagonia and Examiner discussed the proposed amendments to the claims, which was received by the Examiner via FAX on 05/16/2007. Attorney Palagonia discussed his view of the amendments of claims 1 and 10 and why they would be allowable over the prior art. Attorney Palagonia further agreed to add amendments to claims 1 and 10 that would claim more details of the invention, as per the discussion of Fig. 2, in particular the Scan Multiplexer 160 and that each macro-cell can be individually tested and isolated in parallel. Details for this proposed amendment would come from Fig. 2 and pages 6-7 of the specification.
